## Discoveries that will inspire you.

An aquatic environment in the center  
of the city and close to the sky...

A place for people to connect with other living creatures  
in an atmosphere of learning and relaxation...

A place where everyone experiences the same excitement...

It is where one can get up-close,  
unwind and become one with nature...

With our staff eager to share in the enchantment of  
this aquatic world with you, we invite you to  
come and experience a new type of aquarium  
with all of your senses.

Having brought delight and joy for 33 years\*  
as Japan's first metropolitan high-rise aquarium,  
an exciting new chapter in the history books of  
Sunshine Aquarium is about to begin.

A new discovery awaits with each visit,  
and with it, comes a new opportunity  
to get in touch with nature.

\*Events may be canceled or partially modified due to weather conditions or other circumstances.

\*For information about other performances, please check the Sunshine Aquarium website.

\*Please check the information boards inside the aquarium for event times and locations.

How deep can the African penguin dive?  
Who is your favorite in the "Sunshine Lagoon" tank?  
We highlight the many charms of our living creatures that you might miss just by looking at the tanks.  
Good viewing spots may fill up quickly,  
so please make your way to each tank early!

### Penguins in the Sky Feeding Time

From directly beneath the tank, watch the African penguins swim overhead as if flying through the sky while our staff provides commentary about their ecology.
